

STRAITS LED CRANE LIGHT

PID: SL930SAF - 24W

APPLICATIONS:

- SIGNALS DANGER ZONES
- HAZARDOUS WORK AREAS
- CONSTRUCTION SITES

SPECIFICATIONS:

FEATURES

- Reduce accidents in hazardous areas
- Suitable for Indoor and outdoor use
- Built in cooling convection design
- Min starting temperature -40°F (-40°C)
- Max starting temperature 185°F (85°C)

ENERGY DATA

- Driver: 10-110V
- Power Factor > 1.00
- Surge protection

LED MODULES

- CREE LED chips
- 50,000 hour rated life hours
- Available Kelvin temperature of 60K
- Beam angle: 5°
(adjustable 150° with yoke bracket)
- Red caution light

ADD ONS

- 150W Driver - 24V
- Extension cord

MOUNTING

- Yoke mounting

CERTIFICATIONS

- IP67 Rated
- UL certified

WARRANTY

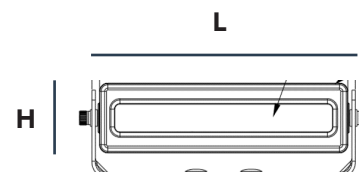

- 2 year warranty

PRODUCT DETAILS

Product	Input (VAC)	Lumens	Efficacy	CCT ¹	Beam Angle	Rated Life (hours)
RED - 24W	10-110V	2,000	20.79	60K	5°-150°	50,000

PRODUCT DIMENSIONS

Length (Inches)	Width (Inches)	Height (Inches)
7.09"	1.93"	1.97"

INSTALLATION HEIGHT AND BEAM LENGTH

Installed Height	5 ft	10 ft	15 ft
